*"Never see a need without trying

St. Mary MacKillop

Lauretta Graham
Principal

Dear Members of MacKillop Catholic College Community,

Welcome back to Term 3. I hope everyone has had an enjoyable and restful break. We have much to look forward to this Term. Once again, the calendar is certainly packed. We welcome all new families joining us this term and we welcome four new staff members: Peter Cusbert, Andrew Jamieson, Rebecca Dowling and Georgios Papasavvas.

Whenever we look around our College there are very clear indications that the new and exciting journey which will constitute the 2016 story is being formed in front of our eyes. Powerful celebration is part of our culture and charism at MacKillop. Over the past week we have witnessed our community visibly pronouncing our mission and vision through: their preparations for our Feast Day on Friday and the Blessing & Opening of Stage 2, 3 & 4 buildings on the 7th September.

The Opening Mass and the Commissioning Ceremony earlier this year echoed the overwhelming message that whether or not we wear a badge we all have a responsibility to lead. At MacKillop we believe that by using our individual gifts, talents, and that which makes us unique; we can all influence others for the better. We accept that predominantly human growth is made up of many small decisions and efforts made by many positive and courageous people rather than one single decision by one or at most a few. Effective and long term change comes from our collective persistence rather than a single dramatic event. As our Feast Day approaches we pray for resolute spirits and willing hearts so that we can all gradually become the best people we can be for the world and each other; this is at the heart of the MacKillop mission.

"...the kingdom of God is within us; our all-embracing duty is to give it form and effect, a local habitation and a name". ... Joseph Furphy, Such is Life.

May God richly bless you as you continue to share in the partnership of building MacKillop Catholic College and Community. Thank you for your contribution to our College. I encourage all families to attend all focal celebrations such as feast days, blessing & opening events, working bees, parent nights and meetings. Invitations for upcoming events are included in this newsletter and for a more comprehensive listing of all events this term refer to the Term Planner attached to this publication.

*May God bless your journey this term and keep you safe. We will see you on Feast Day!
You are most welcome.*

Principal

May your journey always be filled with blessings and may the life of Saint Mary MacKillop ignite in you the flames of faith and service

The top students from Years Seven, Eight, Nine and Ten are competing in the Australian Mathematics Competition. The AMC is a fun 30-problem competition which shows the relevance of mathematics in students' everyday lives. Australia's leading educators and academics, who have a deep understanding of national curriculum standards, design the unique AMC problems each year. Last year students of all levels of ability from year 3 to 12 and from about 3,500 schools participated. We all wish our students all the best in the competition.

OUR FIRST HOME GAME

On Thursday the 23rd of June, the MacKillop Catholic College Senior team played its first home game at MacKillop Catholic College. It was a friendly match against the visiting team from Marrara Christian College. We had an excellent turn out and the game was also our first opportunity to wear our new indigenous art print jerseys.

NEWCASTLE KNIGHTS CUP

The 2016 season of the Newcastle Knights Cup has started, with our first game being held last Wednesday against St. Johns. Unfortunately we did not get off to a good start, with St. Johns winning 16-10, but our boys are keen to hold onto our champion title, and the cup, from last year, so we are looking forward to a few victories in the weeks to come.

Dear Parents and Guardians,

PRESENTATION NIGHT 2016

This year we will be hosting our fourth Presentation Night to celebrate student achievement and to showcase their talent. This night will be held on Thursday 1st December 2016 at 6.30pm.

MacKillop Catholic College offers quality education to Year 7 to 12 students from the City of Palmerston and the surrounding areas. It is a very exciting time in our school's development, and there will be some opportunities for families and/or businesses to sponsor an award in one of our categories, which include Academic; Sporting; Cultural and Special Awards.

This sponsorship is for five years and can be secured by paying \$300 to our College. This support covers the cost of the Perpetual Shield, an Individual Trophy or Medallion and certificates for recipients.

We look forward to your positive response. Every generous donation and support received works positively towards providing improved education to young people in the City of Palmerston and the surrounding areas, and further more contributes towards building of student confidence, self-esteem and capacity as young adults.

Please contact Kate Middleton, Office Manager or Kim Schofield, Administration Officer on 89305702 or email kate.middleton@nt.catholic.edu.au for further information.

Yours sincerely,

Mrs Lauretta Graham

CENSUS NIGHT - 9TH OF AUGUST

Australia's biggest online event – how will you complete the Census? For the first time, Australia will be able to complete the Census of Population and Housing (Census) using a desktop, laptop, tablet or mobile device.

August 9 is a moment for everyone in Australia to pause and make a difference to the nation's future.

Conducted by the Australian Bureau of Statistics (ABS) every five years, the Census counts every person and household in Australia. More than 10 million dwellings and approximately 24 million people will be counted.

More significantly, it is expected that approximately 15 million people will complete the Census online, potentially making it one of the largest online events in Australian history.

Data collected from the Census helps community organisations, governments and businesses to plan for services and facilities, such as housing, healthcare and education. It is important that questions on the Census form are completed accurately and in full. The information people provide is crucial in making a difference to our future.

If you live in a share house, make sure you're included on the online household form, or ask for a personal login by calling 1300 214 531. The personal information collected for the Census is not shared with anyone, including other government departments or agencies, such as the Police, Housing, the Australian Tax Office or Centrelink. By law, Census staff are not allowed to share personal information collected in the Census.

For more information, go to census.abs.gov.au or call 1300 214 531 from 22 July.

AUGUST 9 IS CENSUS NIGHT.

AND MAKE A DIFFERENCE.
